

Did you know there was a pill that could prevent HIV/AIDS?

Increasing Knowledge &
Awareness about HIV/AIDS
and PrEP Utilizing a
Comprehensive Women's
Health Approach

*"When you're talking about HIV/AIDS,
you have to get personal
-Atlantis*

Be-PrEPared was created to promote health and well-being among cis and trans women of color by reducing their risk for contracting HIV/AIDS. We also offer information about PrEP, a pill you can take to prevent the spread of HIV.
